Inquisitive and energetic IT specialist with a strong foundation in server administration, including Linux and Windows server management, virtualization, networking, and security implementations. Seeking a professional career focused on server administration and IT infrastructure, with a commitment to delivering results and continuously enhancing system reliability and efficiency in dynamic IT environments.

Career Summary:

Career Summary

Rakibuzzaman is a skilled IT professional with a strong academic background, holding M.Sc. in Computer Science from Jahangirnagar University and a B.Sc. Engg. in Computer Science from Daffodil International University. Currently serving as Server Administrator at server and network infrastructure of Walton Hi-Tech Industries PLC, he specializes in server virtualization, automation, and enterprise IT infrastructure management. His expertise includes Active Directory, DNS, Microsoft Exchange, file servers, and storage solutions, ensuring efficient and secure system operations. Rakibuzzaman is dedicated to leveraging technology for organizational success and continuous improvement.

Skills:

I possess the ability to solve user problems, explain complex issues clearly to users, and maintain optimum systems availability. I have strong knowledge in server administration, computer networking and security, IT hardware, and software packages. I am adept at resolving issues using proper escalation procedures. Additionally, I have extensive experience in addressing a variety of hardware, software, and communications malfunctions.

Some of the expertise:

- **Server Administration** (Windows and Linux server with AWS)
- **Virtualization, Server Optimization**
- **Active Directory, DNS**
- **SMB File Server, ISCSI**
- **Microsoft Exchange Server**
- **Manage Email Communication**
- **Automation, DDEI**
- **Storage and Backup**
- **Clustering, Replications**

My qualifications and work experience make me a suitable candidate for this position. I am interested in joining your organization to explore new dimensions and further develop my skills.
